Equity Fund – Rural Workforce Housing Initiative (One Georgia Authority)

Type: Grant or Loan

Deadline(s): 1/10/2025 for March announcement; 4/11/2025 for June Announcement

With this opportunity, there is financial assistance available via the Equity Fund available in the form of grants and loans for activities that result in housing that meets the needs of working families and others who may consider relocating to a community for employment reasons. Workforce housing funds will be awarded on a competitive basis to projects that demonstrate an ability to address:

- Difficulty satisfying workforce needs in communities or regions with low unemployment; or
- A community or regional commitment to expand and improve existing housing stock.

This initiative is intended to provide a flexible funding source to support any eligible activity that results in workforce housing. Examples of such activities include essential community infrastructure specifically needed to support new housing development, land acquisition (subject to public ownership requirements), and construction finance for workforce housing.

Grantees will be expected to demonstrate transformational change in workforce housing. OneGeorgia funds are offered to support housing affordability; therefore, resulting cost savings must contribute to the affordability of the per unit purchase price or rent extended to families who ultimately benefit from the activity.

Infrastructure grants are limited to no more than \$2,500,000 per application and development. Construction finance is limited to no more than \$1,000,000 per applicant and development. Redevelopment Fund (RDF)

Type: Grant or Loan (Flexible Financial Assistance)

Deadline: Ongoing

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia's non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.
